

Declaration on the usage of scientific data in the project "TightCap" Instructions on data privacy

Visual and Data Intelligence (VDI) Center at ShanghaiTech University is providing you scientific data that was recorded in our project "TightCap". The data underlies restrictions named in this document. We are handling the individual data of our participants with greatest care. We expect that you as members or the scientific community do the same.

The participant's data underly the Chinese data privacy law.

The data is restricted for you to use internally within your scientific institution for scientific purposes.

You are not allowed to forward or distribute the data.

Specifically, it is not allowed to make the individual data of participants in this data collection publically accessible.

If you publish findings in connection with our data, please cite:

Xin Chen, Anqi Pang, Wei Yang, Peihao Wang, Lan Xu, Jingyi Yu (2021). TightCap: 3D Human Shape Capture with Clothing Tightness Field. ACM Transactions on Graphics (TOG).

The rights of the data remain at the ShanghaiTech University, Visual and Data Intelligence (VDI) Center.

The participants have the right to withdraw their data from further use at any time. Visual and Data Intelligence (VDI) Center at ShanghaiTech University will inform you in such cases.

Confirmation

I hereby declare that I

- will only use the data for the purposes indicated.
- will not forward or distribute individual/personal data.
